NOTICE

Recent Federal Communications Commission (“FCC”) reforms mandate intercarrier compensation rate reductions by telecommunications carriers over the next several years. These reductions require multiple revisions to intrastate tariffs filed with the Massachusetts Department of Telecommunications and Cable (“Department”). The Department notifies Massachusetts carriers that Verizon has submitted revisions to its Access Services tariff, D.T.E. MA No. 15, for effect on July 1, 2013. The Department includes Verizon’s pending revisions with this Notice for informational purposes. Please direct any inquiries to Kerri DeYoung Phillips, Counsel, Competition Division, Kerri.DeYoung@state.ma.us, and Armine Simonyan, Economist, Competition Division, Armine.Simonyan@state.ma.us.
